

Ready for School

Every year, 56 million kids in the United States head back to school. Psychologists say that the first weeks of a new school year are extremely important to the development of self-esteem and academic success in students. Imagine the plight of millions of disadvantaged children and youth who start school without even a pencil or paper to complete one of their first assignments: What did you do last summer?

These kids don't need to be statistics. They are smart students.

They want to succeed in school, but they simply lack the resources to do so.

The Heart to Heart SchoolPack™ is an important part of solving this situation for many children.

The Heart to Heart SchoolPack is a sturdy backpack filled with essential school supplies for specific age groups. We have honed the contents of the pack over the past 20 years and helped more than 125,000 students get ready for school. And the SchoolPack is making a difference in these students' lives by giving them not only the tools to succeed in the classroom, but also the self-confidence to succeed in life.

You can help disadvantaged students in your community by ordering the Heart to Heart SchoolPack today!

Ready for School

Consistency

The Heart to Heart SchoolPack™ contains a standardized list of new school supplies for specified age groups—grade levels K-2, 3-4, 5-6 and 7-12—that has been developed over the past 20 years in coordination with educators and school administrators. So whether you order 50 backpacks or 5,000, we guarantee that the contents will be the same from pack to pack for each age group.

Quality

Heart to Heart uses a proprietary design for the SchoolPack that ensures its durability and utility for the upcoming school year. Many of the school supplies inside the SchoolPack are name-brand items that you would purchase for your own children.

Convenience

We offer you several convenient ways to make a local impact in your community through the Heart to Heart SchoolPack initiative:

- Order the pre-assembled SchoolPack (additional service fee)
- Order the contents and assemble the SchoolPack yourself (minimum order: 24 per age group)
- Volunteer your time and help us assemble the SchoolPack for local distribution

Value

Because we work closely with school-supply manufacturers and vendors, we are able to procure the contents for the Heart to Heart SchoolPack at a fraction of the retail cost. We offer each Heart to Heart SchoolPack to groups for only \$20 (unassembled) or \$25 (pre-assembled). Essentially, you get two packs for the price of one!
