

**Name:**

**DRT Position applying for:**

1. Describe your experience, if any, working in disaster response. Include your positions and responsibilities.
2. What are two strengths you possess and how would those strengths be useful during deployment?
3. If you are selected for Heart to Heart International's (HHI) DRT what barriers do you foresee in deploying for one to three weeks on short notice. (Consider responsibilities such as work, family, pets, etc.) Please explain.
4. As a member of the DRT, what tasks would you not want to do?

5. Responding to a disaster requires a high degree of personal, physical, and mental adaptability. Work days can be 12 - 17 hours. Housing can be without running water, heat/AC, and electricity. There will be very limited transportation for personal use. You could be required to walk longer distances while carrying luggage. Food could be limited and there could be a lack of vegetables and high protein. Could you accommodate to all these limitations? Please explain.

6. What is your biggest pet peeve?
